

# TEXT FEATURES

## The 6 Most Common Text Features

Text Feature	Purpose of text feature
Title	The title gives a quick idea of what the student will learn.
Table of Content	A TOC shows the titles of chapters and their location in the text.
Glossary or Index	Directs to specific information in the text and identifies important words and their definitions.
Sidebar	The sidebar is located on the side or bottom of the page and elaborates on a detail in the text.
Pictures and Captions	Images show an object or idea from the text.
Maps	Maps show the location of a text related place.
